Desk Lamp Proxy Guide

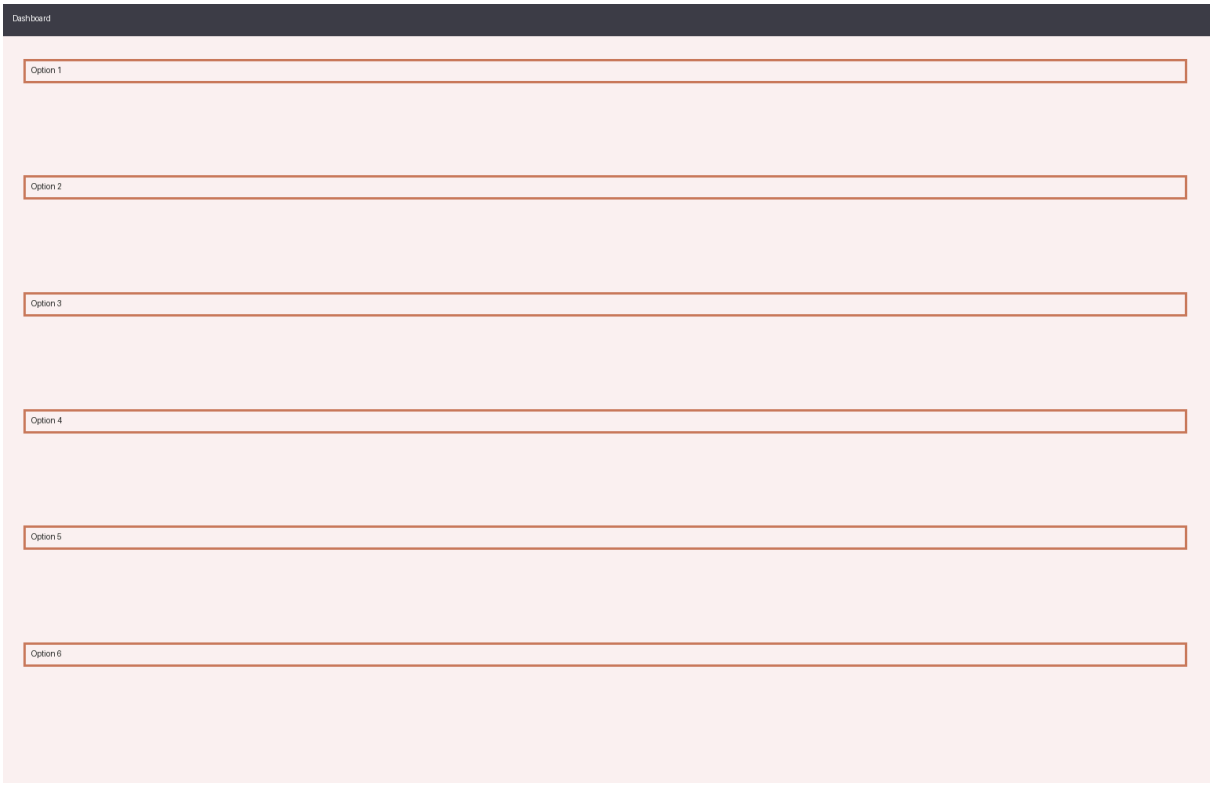

This guide walks through the three steps to set up the desk lamp proxy client on a laptop.

Step one: download and install the client from the vendor page, then start it once.

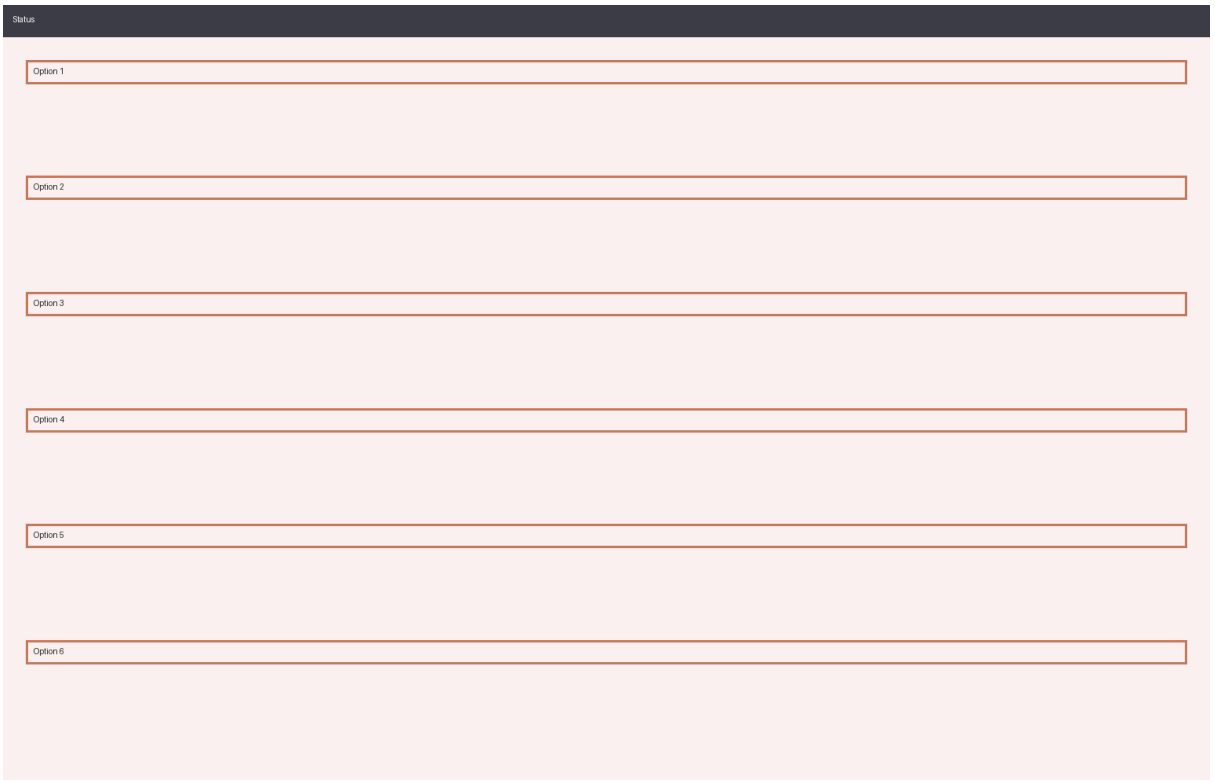

Step two: import the settings file the support desk sent you by email.

2、列表加载后，在 **Proxy** 分组选择 1 个你要使用的服务器

3、最后，在**控制台**右下角点击**启动按钮**开启服务，就完成了
